In the course of his talk, Mr. Young said: "Democracy must be brought about by higher education. There can be no democracy of education without the state university. Only the sons of the wealthy can secure education in alien institutions, and such was the deplorable condition in times past. But such is not the case at present. We have a faculty competent to compete with the best in the country credits from our schools are acceptable anywhere; our mining school is second to no institution in the United States; in fact, the university has passed its pubescent state and there is

CLUB WOMEN OF OCDEN TO HOLD A MASS MEETING

A mass meeting of club women of his city will be held in the Weber stake lecture hall on Monday afternoon, June 7, at 3 o'clock for the purpose of considering and investigating the disturbing rumors which have recently been circulating through the city and state in regard to supposed infavorable conditions prevailing at the State Industrial school.

Local club women, after hearing runors of careless or cruel disciplinary nethods employed by the faculty of he institution, decided to take the intiative in the investigation and appointed, a few days ago. a woman to isit the school and observe for herself the conditions actually prevaling there. This woman, who is a promi nent educator of the state, will address the mass meeting Monday afternoon and tell the club women and the pubc of the correct methods employed

v the management. The committee of ladies in charge of he investigation invite the public, especially those interested in any paricular in the Industrial school, to attend the meeting, which will be an open one.
